Hampton Conservation Commission
October 9th 1973.

Chairman Nelson Grant, Irene Helmer, Edna Pearl Parr, Ruth Stymson, Peter Randall and Ruth Miller met at the Lane Memorial Library on October 9th at 8 o'clock. Nelson opened the meeting with a discussion and study of the sewer maps of the Hampton Beach area concentrating around Brown Avenue.
Under Unfinished business, it was voted unanimously for the Secretary to write the following letter to Mr. Peter Lombardi - the Town Manager.

"The Conservation Commission wishes to thank you for your willingness in explaining the Selectmen's view point on the municipal parking lot and the sanitary sewer interceptor line. After further discussion, we have decided not to change our original decision on the request.
Thank you very much for the map, which we have filed with our permanent records.
We hope that you, and

the Board of Selectmen, may be able to participate in the October sixteenth hearing on the application to fill in the Deland Path area."

The Secretary read the minutes of the May 21st and September 17th meetings, which were approved as read.
It was voted to pay the Secretary one dollar and forty four cents for postage for eighteen letters mailed concerning the public hearing.
Irene reported that she had been to the Town Office twice, regarding a search for maps for the Rocky Bend Area, and was told there was nothing to be shown here.
Edna read a letter of the 47 foot easement - and noted that at a meeting which she attended she spoke against building in that area.
Under New business, the upcoming hearing was discussed - and Nelson outlined the Ground Rules to be followed.

Oct. 9th Cont. p. 3

Mr. Cote - or Applicant would speak first - followed by the 5 Abutters - and it was mentioned that we could question anyone - and those in favor of the question would speak first followed by those in opposition to our point of view.

Sample questions: -
Exactly how many acres will be filled?
Purpose of the structures?
Is the builder aware of the ecological importance of the location?
Is the builder building on flood plains?

Meeting adjourned at ten o'clock.

Ruth M. Miller
Secretary
