Sept. 9th 1974

The Hampton Conservation Commission met at the Lane Memorial Library Monday evening - Sept 9th - with Chairman Nelson Grant, Edna Pearl Parr, Stillman Hobbs and Ruth Nutter in attendance. Nelson opened the meeting at 8:05. As our Secretary was unable to be present - there was no Secretary's report. Stillman gave the Treasurer's report - the same figure as of August's meeting.

Under old business, Edna Pearl brought the board up to date on Lamson's continued filling at his cottage site in the harbor and also off King's Highway. Edna Pearl estimated 4.7 acres had been filled in on the marsh, which is running Mr Segaris property - who is an abuttor. She has a paper with 200 signatures to present to the Attorney General, objecting to this land fill.

On September 26, Mr Lamson will go before the Board of Variance

to request permission to build 42 Condominiums, rather than the granted 28. This meeting will be at 7:30 at the Court House, a public meeting. Under new business a letter was composed to be sent to George McGee Local Board Water Resources stating this Commission's objections and opposition to the filling application filed by Kenneth and Pauline Langley - dated 8-27-74 - adjacent to Meadow Pond. This letter will be sent registered mail, return receipt requested.

The next meeting will be held on Monday evening, Sept. 23rd.

Meeting adjourned at 9:30

Submitted by

Ruth M. Miller

Acting Secretary.
