Town of Hampton

Minutes of Non-Public Session on May 2, 2011

On Motion made and seconded under RSA 91-A:3, II (d) at about 8:30 p.m. the Board voted by roll call vote to go into a non-public session to discuss the latest letter from State DOT to John Nyhan as to its terms for fixing the A Block sidewalk. Present were all five Selectmen, Manager Fred Welch, Attorneys Mark Gearreald and Wanda Robertson, and Hampton Beach Area Commission Chair John Nyhan.

John Nyhan discussed with the Board some communications he had received from Bill Watson of DOT that included statutory references. The Board directed the Town Attorney to investigate issues as to 1) liability law and insurance availability, and 2) whether there would be a way legally to maintain a sidewalk the Town does not own. The issue of snow plowing beach sidewalks in general was discussed. Also mentioned were efforts that private business owners on Ocean Boulevard had made to refurbish the sidewalks in front of their businesses.

John Nyhan will determine exactly why the State DOT is against deeding the sidewalk on the westerly side to the Town. He will urge DOT to temporarily fix this sidewalk this month in light of the fact that a permanent fix would not be possible in time for the summer season. He discussed how this sidewalk work could be part of a bigger picture of work by DOT.

A sense of the Board was taken, and a majority seemed to be in favor of going along with accepting maintenance responsibility for this sidewalk if there is liability coverage through the LGC Policy and if it were legal to do so, once the State did the complete reconstruction work.

The meeting adjourned at about 9:15 p.m.
