PUBLIC NOTICE

TOWN OF HAMPTON

Mosquito Control

The Mosquito Control program begins the week of April 2, 2012 in the Town of Hampton. Crews from Dragon Mosquito Control will be checking swamps, salt marshes, woodland pools, ditches, storm drains and other shallow, stagnant water for mosquito larvae. When mosquitoes are found, the following insecticides may be used:

VectoBac (Bacillus thuringiensis israelensis)
Natular (spinosad)
Altosid (methoprene)
Agnique MMF (poly-isooctadecyl-hydroxyl)
BVA 2 Mosquito Larvicide Oil (highly refined petroleum distillate)

A truck mounted sprayer will disperse Anvil (sumithrin) or Zenivex (etofenprox) along roadways. Road spraying may begin in June and continue into October. It is not possible to predict the schedule for road spraying in advance. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions.

If Eastern Equine Encephalitis or West Nile Virus is found in or near Hampton, then emergency spraying may be conducted using the following products:

Anvil (sumithrin)
Zenivex (etofenprox)
Permanone (permethrin)
Flit (permethrin)
Cross Check Plus (bifenthrin)
Mavrik Perimeter (tau-fluvalinate)
Suspend SC (deltamethrin)

Emergency spray treatments may be conducted at the following locations:

Marston School
Hampton Junior High School
Centre School
Winnacunnet High School
Tuck Field
Eaton Park
Lou Brown Park
High Street Cemetery

It is not possible to predict if emergency spraying will be necessary. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions. Further communication will be given if emergency spraying is going to take place.

Residents who do not want their property treated must contact Dragon Mosquito Control in writing at **P.O. Box 46, Stratham, NH 03885**. Be sure to include your name, physical address, phone number, and a description of your property with boundaries. Residents who would like to have their stagnant water checked for mosquitoes can call **734-4144** or email **Info@DragonMosquito.com**. There is no charge for this service. Contact us for more information on spray dates, location, materials used, precautions or other concerns.
