

# TOWN OF HAMPTON

## INSTALLATION OF HEATING EQUIPMENT IN HAMPTON, NH

*All permits must be obtained before installation and use*

### **Oil Burners/Furnaces:**

Require a plumbing/mechanical permit from the Building Department and an oil burner installation permit from the Fire Department. Inspections are performed by both departments.

### **Woodstoves, Pellet Stoves, Coal Stoves, Wood/Pellet Furnaces:**

Require a solid fuel appliance permit from the Building Department. Requires an inspection performed by the Building Department before equipment can be used.

### **Gas Stoves, Gas Logs, Gas Auxiliary Heaters:**

Require the gas fired appliance permit from the Building Department. Inspection performed by the Building Department. If using LP, see below.

### **Above Ground LP Tanks/Installation:**

Require a permit from the Fire Department. Inspections done by Fire Department and copy of permit forwarded to the Building Department.

### **Masonry Chimneys/Venting Equipment:**

Require a permit and inspections from the Building Department.

### **Underground Storage Tanks (includes LP, flammable/combustible liquids):**

Require a mechanical permit from the Building Department and a tank installation permit from the Fire Department. Inspections required from both Departments. Permits from the Fire Department are also required for tank removal.

### **Fire Pits, Chimineas, Other Outside Burning:**

Require a permit from the Fire Department before use. If commercial outside burning (stumps, large trees) NH Forest Fire Warden will issue permit.
