

# PREPARING FOR CLIMATE CHANGE IN THE SEABROOK-HAMPTON ESTUARY

*GAINING INSIGHTS & CHARTING A COURSE*

July 17, 2014  
6:00-8:30 pm  
Seabrook Library  
(25 Liberty Lane)

HOW MIGHT SEA-LEVEL RISE, STORM SURGE, AND CHANGES IN TEMPERATURE AND RAINFALL AFFECT OUR COMMUNITIES?

Photo: Kristin Burchsted 2011

## What's this workshop about?

**Learn** about sea level rise, storm surge and changes in temperature, rain, and snow in coastal New Hampshire.

**Discuss** what these impacts mean to your community.

**Hear what** other NH coastal communities are doing to prepare for these impacts.

**For questions, please email [chris.keeley@unh.edu](mailto:chris.keeley@unh.edu) or call 862-6707**

## Who should attend?

Community members of Hampton, Hampton Falls, and Seabrook, including:

- Residents
- Businesses
- Town Boards & Commissions
- Town Staff & Officials

## When is this workshop?

**July 17, 2014**

**6:00 - 8:30pm**

Seabrook Public Library  
(25 Liberty Lane)

Refreshments provided.  
Space is limited!

**Please RSVP today:**

The workshop is the first in a series that will run Summer-Fall 2014.

This project is led by a local steering committee including members of the Seabrook-Hamptons Estuary Alliance. There is no cost to the communities participating. This project is funded by a federal grant from the National Oceanic and Atmospheric Administration awarded to the NH Coastal Program. This program is managed by UNH Cooperative Extension and NH Sea Grant.
