The meeting was called to order at about 6:30 PM. A motion was made in public session and seconded to go into a non-public session under RSA 91-A:3, II, (c). A roll call vote was taken and the motion passed unanimously.

The non-public session included separate appearances by several of the property owners on the tax collector's list (#4, 15 & 18), whose properties would be up for consideration as to tax deeding in the public session later in the evening. Each property owner spoke to the terms of potential repayment agreements that were recommended by the tax collector and why their circumstances warranted waiving of the tax deeding as to their particular property at this time.

The non-public session adjourned at about 6:40 PM without the Board's having taken any votes on the Tax Collector's recommendations as the Board's doing so was slated to occur in the public session to resume at 7:00 PM.

Respectfully submitted,

Philip Bean, Chairman  
For the Board
