

YOUR OPPORTUNITY TO BE HEARD!

NH Coastal Scenic Byway - Community Resident Survey 2013

The Rockingham Planning Commission is conducting a Corridor Study of the NH Coastal Scenic Byway, which follows Route 1A and Route 1B from Seabrook to Portsmouth.

The purpose of the study is to gather input from residents and visitors to the corridor to shape a plan for protecting the corridor's scenic, cultural and natural resources and addressing traffic concerns, while accommodating tourism and recreation. The study includes an extensive survey of visitors to the corridor, as well as this survey of residents of coastal communities along the Byway (Seabrook, Hampton, North Hampton, Rye, New Castle and Portsmouth). By filling out and returning this survey, you will be helping us identify issues to consider when developing recommendations for the study.

Currently, Hampton is lacking in responses to this survey, and this is your opportunity to have your voice heard.

Go to this link - it is not long or complicated and have Hampton's voice represented in the future plans for this beautiful area.
