Know which Plastics to Recycle

With the exception of Styrofoam®, your plastic is recyclable if the answers to all three questions are YES:

1. Does it have a number (1-7) in the middle of the chasing arrows?
2. Is it rigid or hard? (However, shopping bags are recyclable)
3. Is it a container?

No hazardous waste – ever!

Items categorized as “hazardous waste” must be disposed of carefully and cannot be included with your trash or with single-sort recycling. However, area transfer stations and recycling centers often offer programs to take this kind of waste. For more information:
