6:30 PM Non-public Session RSA 91-A:3,II, (a), (c) & (e)

PRESENT: Rusty Bridle, Chairman
Regina Barnes, Vice-chairman
Rick Griffin, Selectman
Jim Waddell, Selectman
Mary-Louise Woolsey, Selectman
Frederick Welch, Town Manager
Jamie Sullivan, Deputy Town Manager

At approximately 6:31 PM, on MOTION made by Selectman Waddell, SECONDED by Selectman Barnes, the Board voted unanimously by roll call (5-0) to go into a non-public session under RSA 91-A:3,II, (a), (c) & (e).

VOTE: 5-0-0

[Minutes Sealed]

At approximately 6:55 PM, the non-public session was adjourned and the Board returned to public session on MOTION made by Selectman Waddell, SECONDED by Woolsey.

VOTE: 5-0-0

At approximately 6:56 PM, on MOTION made by Selectman Bridle, SECONDED by Vice Chairman Barnes, the Board voted unanimously by roll call vote (5-0), to seal the minutes of the non-public session under RSA 91-A: 3, III on the grounds that they could affect adversely the reputation of any person other than a member of this Board, or jeopardize the effectiveness of the actions to be taken

The non-public session recessed at approximately 6:57 PM.

7:00 PM Public Session – Selectmen’s Room

PRESENT: Rusty Bridle, Chairman
Regina Barnes, Vice-chairman
Rick Griffin, Selectman
Jim Waddell, Selectman
Mary-Louise Woolsey, Selectman
Frederick Welch, Town Manager

SALUTE TO THE FLAG

I. Public Comment Period

Lynn Larsen, 553 Ocean Boulevard: create awareness and express disappointment that the area north of Boars Head is not included in the funded portion in the plan in the two options being presented by the HBAC; roads and sidewalks in area north of Boars Head are deplorable; safety concern; failed drainage systems; feud between Town and State on maintaining road and sidewalks hurts taxpayers and visitors; safety and maintenance issues; recently built new home; now allowed to use fertilizers; maintain all drains; understand need to protect natural resources; upsetting to see that the State nor Town is held to the same standards that she is; do not understand why the damage occurring on a much great scale due to poor roadside work and drain conditions, considered lesser priority for funding than cosmetic and parking improvements at South Beach; lost at least a foot of soil from yard; deep gouges running on both sides of property; topsoil went directly into marsh; not alone in this as many neighbors suffered greater damage; some area sidewalks are impassable; no one assuming responsibility; during storms plows shoved rocks, sand, soil and huge sections of pavement off street into yards; riding bicycles hazardous; lack of bike land and sometimes median strip; drag races; speeding; transportation study did not support two lanes of traffic; unreasonable 100% of money is being spent in South Beach only; long neglected issues; last meeting attended was told not to worry, would be included in plan; pushes needs of improvements way too far into future; suggest this Board exert influence to address concerns.

Brian Mills, Aquarion Water: review of agenda discussing fire hydrants and maintenance; issue have been working closely with Town and North Hampton; take it very seriously; last October was a letter of commitment signed having to deal with a number of issues; responsible to update reports; new reports were delivered in April for 2018; questions and issues having to do with 2017 hydrant reports; met with Fire Chief's to discuss fire service, hydrants, big projects to get feedback.

II. Announcements and Community Calendar (18:20)

Selectman Barnes: HBAC laminated flyers; posted in North Beach area for details to attend the May 10, 2018 meeting at Marston School @ 7:00PM.

Selectman Waddell: motorcycles and car speeding; slow down; keep noise down.

Selectman Griffin: May 10th meeting have been a lot of conversation about it; Lynn Larsen has done a wonderful job of getting the word out there and we appreciate it.

Chairman Bridle: lived in that area for 40+ years; motorcycles and cars do tend to use as a highway; water has been flooding out those yards forever; not saying that the drains do not need to be repaired; shoveled more rocks out of our yard down there; understand plight; work to get corrections done; sidewalk elevation across the street need to make more accessible; the steep 3' embankment to try to walk up is ridiculous; encourage everybody to go to the meeting on May 10th voice concerns; do not have summer help working yet; State cleaned up; people leave trash on the beach; being warmer get summer help; do the best to clean up.

Selectman Griffin: not only ocean water, it is the rain water; 10 drains that do not work that is supposed to take the rain water off; torrents were going everywhere due to last week's rain; a lot comes from Boars Head.

III. Approval of Minutes (23:15)

1. April 23, 2018 Public Session

Selectman Waddell MOTIONED to APPROVE the April 23, 2018 Public Session Minutes SECONDED by Selectman Woolsey.

VOTE: 4-0-1(Bridle)

1. April 23, 2018 Non-public Session

Selectman Barnes MOTIONED to APPROVE the April 23, 2018 Non-public Session Minutes SECONDED by Selectman Waddell.

VOTE: 4-0-1(Bridle)

IV. Consent Agenda (23:35)

1. 2018 New Veteran Credit: Latimer, James, 72-16
2. Entertainment License and Posted Permit: Boardwalk Café 159 Ocean Blvd
3. One Day Entertainment License: Run for the Ocean 5k 06/02
4. Parade Permit: Run for the Ocean 5k 06/02
5. 9 Dover Avenue Map 104, Lot 203 – RSA 41:14-a, signing
6. 18th Annual Hampton Beach Master Sand Sculpting Classic Assistance
7. Raffle Permit: Hampton Area Chamber of Commerce

Selectman Woolsey MOTIONED to MOVE the Consent Agenda SECONDED by Selectman Waddell.

VOTE: 5-0-0

V. Appointments

1. Henry Fuller, North Hampton Water Commissioner
 - a. Aquarion Fire Hydrants

Chairman Bridle: not seeing Henry; should we motion to place on next week's agenda

Selectman Barnes MOTIONED to place this appointment on the May 21, 2018 agenda SECONDED by Selectman Woolsey.

VOTE: 5-0-0

2. Jameson Ayotte, Fire Chief (24:35)
 - a. Departmental Update

Chief Ayotte: fielded 1,192 calls for service; 595 fire calls and 597 patient contacts; structure fires in Hampton; responded to fire in Seabrook, fatality; responded to mutual aid in Hampton Falls, Exeter, and Kensington; fire at duplex on Johnson Avenue; fire at Emerald Isle Motel; mutual aid fire in Greenland; Marsh @ 23 Driftwood Road; storm caused primary radio system to fail; Crossway Terrace on Winnacunnet Road for structure fire, resident suffered severe burns; C Street fire, resident rescued, wind driven fire, shift was fully staffed; received mutual aid from 17 communities. Medical services 597 calls; 418 patients transported; Seabrook free standing ER is destination 20.5% of time; EMS responded to 14 calls for overdose; administered Narcan 16 times; treated 13 patients acute coronary; numbers consistent over last 3 years; provide CPR training; training to Unitil, Planet Fitness and Foss Manufacturing; trained local home school group and NH Chapter of Sea Cadets; 63 people trained in National Campaign Stop the Bleed, promotes bystander First Aid; trained all the schools. New

ambulance anticipated to be in service before summer season; 2 firefighters will complete their Paramedic Training. Fire Prevention performed 65 inspections; issued 44 permits; collected \$1,583.50; finalize permits for fireworks. Communications answered 7,330 phone calls; many were service needs due to inclement weather; during storms had to deal with fires; continue to work with HPD in developing plans for response potential for threats to schools; 4 attending training for on-site training; several storms this season, which caused overtime; waiting for word on Firefighters grant; Engine 2 has been placed in service; Marine 1 serviced; Ladder 1 will be out of service for maintenance; Engine 4 exposed to salt water, components corroded, transported for repairs; because of a fire the soup kitchen is using a bay at the beach fire station until they can find a home.

Selectman Woolsey: appreciate your report; you are understaffed; any hope of getting a grant; looks like you need 8 more bodies. Chief Ayotte: one thing about grants is they are not guaranteed; vie for them; going against other communities; running down; would like to discuss in future to maintain all 9 at all times; Safer Grant; FEMA Grant; meet certain standards; go towards national standard; should be 17 people respond to fire; mutual aid; would not rely upon; looking at staffing models.

Selectman Woolsey: ambulances at the beach; should have 2 at the beach during the summer season. Chief Ayotte: our goal is to maintain; paramedic will be stationed at beach fire station; medical treatment would get there directly with engine response; staffing second ambulance would require 10 people per day; taxpayer dollars.

Selectman Woolsey: one ambulance at beach; paramedic responds to walk-ins; town growing; would like to ask Chief to produce reports to give to the Budget Committee; comprehensive report.

Chairman Bridle: have no problem with that.

Selectman Woolsey: action wipes. Chief Ayotte: to decontaminate; on skin where soot is going to accumulate, using the wipes, which are like baby wipes; remove carcinogen before they get in the truck; emotional subject; take utility truck so crews can take off gear; the gear is brought back and put into the washer, extractor, then dry it; doing same for mutual aid companies; get everyone cleaned up.

Selectman Woolsey: skin can absorb the poisonous substances and cause greater risks. Chief Ayotte: breathing the smoke/soot is a big problem; masks; cover skin; coming through the gear; why they are coming home without gear on.

Selectman Barnes: Engine 3 has everything an ambulance has, except the way to get a person to the hospital. Chief Ayotte: yes, all medication, monitors, trauma equipment is all there; provide care; outside mutual aid ambulance to transport.

Selectman Barnes: tremendous; you guys are great; last year we asked the state to split the cost.

Chairman Bridle: they said no.

Chief Ayotte: it was about \$35,000 for us and \$45,000 for the state; day coverage; July 6-Labor Day.

Selectman Waddell: staffing; currently do you feel you are providing a safe environment to the people; ambulance/fire wise. Chief Ayotte: Yes, crews are doing a tremendous job.

Selectman Waddell: in this year's budget you will be talking about that with us and the Budget Committee. Chief Ayotte: yes.

Selectman Waddell: going to Seabrook to the ER; cost duration. Chief Ayotte: one physician on duty; turnaround time for our crews is significantly faster; major trauma will go to the right facility.

Selectman Waddell: percent increase of calls this year over last year. Chief Ayotte: approximately even; call volume slightly down; intensity/severity of calls greater.

Selectman Griffin: shared response is important; understand Seabrook is not that busy; hoping will be busier during the summer; good to have opportunity to go there; opening another in Dover; growth at Portsmouth Hospital. Chief Ayotte: they are; Level 2 trauma certified; Exeter is undergoing to go to Level 3 trauma certification.

Selectman Griffin: which is the strongest capability, 3 or 2? Chief Ayotte: 2, more capability; MA General is 1.

Chairman Bridle: vehicles for the storm; borrowed from someone else; are you looking at some for us? Chief Ayotte: we are Chief Sawyer is looking into that; police side of the Homeland Security Grants more sufficient path in acquiring vehicles.

Chairman Bridle: your guys did one heck of a job at the beach fire; surprised we didn't lose more of that block; thank you to your men and women; career day at Hampton Academy Middle School; good to see employees doing that; spoke with a lady from the soup kitchen, such a great response from the firefighters that helped them doing everything that was needed, community appreciated it; manpower; think we need to concentrate on the summer for 9; should look at going to 10 eventually; great report.

Selectman Woolsey: he is not just responsible for the ambulance at the beach, but he has to staff that boat. Chief Ayotte: that is not separately staffed; cross-trained.

b. Fire Turn-out Gear

Selectman Woolsey: concerned; ask Fred to explain the fund set-up, so we can keep on top of this; we cannot have a lack of proper turnout gear with proper dates; cannot be more than 10 years old.

Town Manager Welch: if we have two sets of complete certified gear for each firefighter; 80 pieces of equipment; cost \$240,000; do not want to front up all at once; suggestion is put together an account separate from budget; place \$138,000 into account; then put in 1/10th of the cost per year into account; draw down as we need the equipment; always have cushion; if skip a year we can afford to do that; every 10 years; \$24,000 per year every year; interest on account.

Selectman Woolsey: some individuals retire; replace by another firefighter, but incoming firefighters may not be the same size; need new gear; 11 firefighters gear needs to be replaced next year; see gaps in list; pants and coats are different years; how do we get this figured out.

Chief Ayotte: in 2015, as new Fire Chief, I brought forward the idea we were going to be in trouble in 2019; in 2009 there were 33 sets purchased due to grant; will get 4 sets this year; 5 sets remaining to be purchased with a jacket; done upgrades as needed; repairs as needed.

Selectman Griffin: we should let the people that are in charge do it; not up to us.

Selectman Woolsey: it is up to us.

Selectman Griffin: we need to listen to the people that are head of these departments; Mr. Welch knows what he is doing; you ought to go read a book.

Selectman Woolsey: new washing machines when the beach was built; had 2 new ones. Chief Ayotte: bought one new one and had one at Winnacunnet Road; in the course of 30 hours we can wash all sets of gear that were at a fire.

Selectman Woolsey: but that is when the secondary gear comes in. Chief Ayotte: correct

Selectman Woolsey: secondary gear. Chief Ayotte: submitted our Capital Improvement Plant with Mr. Welch; for 2019, I have put in for a second set of gear for \$130,000; 40 sets of gear; longer duration; one-time purchase.

Selectman Woolsey: this is 2018.

Selectman Griffin: are we doing budgeting here tonight; this is ridiculous.

Chairman Bridle: we have talked about it; the Fire Chief has explained his proposal; the Town Manager has explained what he would like to see done; as we move forward with the budgeting process we will bring it back.

Selectman Griffin: it is not up to us to run the department.

Selectman Waddell: can we go around and have everyone to talk.

Selectman Woolsey: I think we have every right to ask particularly.

Chairman Bridle: you asked?

Selectman Woolsey: particularly; this is public safety.

Selectman Waddell: I would like to hear from someone else on the Board.

Selectman Woolsey: what if he has 5 more fires.

Selectman Barnes: since you have been on board you have been fairly aggressive in tackling this and going to make sure all the primaries are available than the secondary's; looks like you have it worked out. Chief Ayotte: yes.

Selectman Waddell: you have a plan in effect; been dealing with it; money in the budget. Chief Ayotte: yes.

Selectman Waddell: do you have complaints from the firefighters about it. Chief Ayotte: no.

Selectman Waddell: working cooperatively to make sure we have a safe environment. Chief Ayotte: yes.

Selectman Waddell: I was getting the impression someone was saying it was not being dealt with and I do not think that is the case; I think it was being dealt with up front and will continue to be dealt with up front.

Selectman Griffin: I have heard Mr. Welch discuss it; listened to you in the past; everyone is doing a good job; I do not think it is our job here at the BOS to run your department or Mr. Welch's department; happy with the way it is going; you do a good job; if there is anything you need, bring it up; I have heard that one member of the Board feels something is not right

here; I think you are doing a great job and Mr. Welch is doing a good job; we are not talking about budgets here tonight.

Chairman Bridle: the gear is in much better shape than when I was on the department; we had patches on coats; you have done a much better job; I can see your point that you want to have all the primary sets of gear; I like Mr. Welch's idea on starting a capital improvement fund for the gear, that is the way to go; you are doing a great job; keep doing the work making sure the guys are protected; make sure they are safe; continue to work on gear.

Selectman Woolsey: what is the standard? Chairman Bridle: 10 years.

Selectman Woolsey: 10 years' max. Chief Ayotte: we still have another 1 ½ years; primary sets will be taken care of; we will accomplish what we need to.

- c. Donation of CPR Manikin to Hampton Fire/Rescue from the Girl Scouts (Approx. value \$138.97)

Chief Ayotte: EMS Officer Nate Denio received a request for the donation from the girl scouts; they went through the program; donate part of cookie sale profits; give back to community; manikin gives instant feedback

Selectman Woolsey MOTIONED to ACCEPT the donation of the CPR Manikin to Hampton Fire/Rescue from the Girl Scouts SECONDED by Selectman Barnes.

VOTE: 5-0-0

- 3. Ed Tinker, Chief Assessor (1:12:05)
 - a. 2018 1st Half Property Tax Warrant

Mr. Tinker: presented to you was the first half property tax warrant; the amount is \$27,375,746 which represents an 8/10 of a percent increase; April 1st cutoff date; numbers may change slightly, will not be drastic until next April.

Selectman Woolsey: are we sending a bill to the state? Mr. Tinker: no bill to the state. Selectman Woolsey: that is too bad.

Selectman Waddell MOTIONED to APPROVE the 2018 1st Half Property Tax Warrant SECONDED by Selectman Griffin.

VOTE: 5-0-0

VI. Town Manager's Report (1:13:57)

1. The Town Clerk's Office will be closed on Wednesday, May 16th for required State Training
2. Please register your dog. All dog licenses expired on April 30th.
3. Household Hazardous Waste Collection Day is June 23rd. Please check the website for specific information, as some things will not be collected.
4. The Post Office Food Drive is May 12th. Please leave non-perishable donations in your mailbox.
5. Town Beach cleanup is complete.
6. The next election is in September and is a primary. Please check your party affiliation, as changes must be made by June 4th

7. Town Forest Cleanup is Saturday, May 12 from 9AM to 12 Noon. Volunteers needed. For information and sign-up call 929-5808
8. The Board has been invited to participate in the Memorial Day exercises with the American Legion on May 28, 2018; 8AM Hampton Beach Marine Memorial; 9AM Hampton Falls Common; 10AM at North Hampton Parade; 11:30AM at the Hampton Parade.
9. Public hearing on May 10, 2018 at Marston School 7PM-9PM dealing with the traffic flow projects of Route 1A. Please attend.
10. Received a request for renewal of cable license; recommend Board appoint a cable renewal committee; one Selectman; one member of the School Board; Town Manager and/or Deputy Town Manager; Superintendent SAU 90; 2 members of cable committee; 2 cable employees; 2 members of public.
11. Well 22 will be tested during the week of May 21.

Selectman Griffin: I recommend Mary-Louise

Selectman Waddell: stress that people take advantage of the Household Hazardous Waste Collection on June 23, 2018. I am the Selectman's representative to the Cable Committee, so I would like to be the one to be on the Cable Renewal Committee.

Selectman Griffin MOTIONED to nominate Selectman Waddell to the Cable Renewal Committee SECONDED by Selectman Barnes.

(no vote taken) VOTE: 0-0-0

Chairman Bridle: looking for two citizens from the public for the Cable Renewal Contract Committee please get a hold of the Town Manger's Office if interested.

VII. Old Business (1:20:13)

1. Joint meeting with Planning Board

Selectman Woolsey: the Planning Board was talking about giving up one of their nights to meet; Mr. Welch discussed that both Boards meeting on neutral evening; Planning Board is opened to sitting down.

Chairman Bridle: I will get hold of their Chair and see when we can meet; mutually agreed upon.

Selectman Waddell: we will have a specific agenda for that, right? Chairman Bridle: yes

Selectman Waddell: so we are not coming in and just talking. Chairman Bridle: yes; will talk with him about what he wants set up on the agenda and then get back to the Board.

Selectman Barnes: summarize news on Coakley and EPA; EPA orders changes to CLG bedrock study; CLG shall prepare final work plan and submission of final report; conclusion is what they are doing is not detailed enough and catered enough to what is going on; result of all the work Rep. Mindy Messmer has done; great news.

Attorney Gearreald: one thing mentioned is Mr. Hull is going to follow up on a suggestion we made through Prof. Ballesteros report to indicate there is a potential for flow to the south and east; which is the direction of the Aquarion wells which have experienced PFC

concentrations; EPA seems to recognize exploring whether or not through bedrock investigations that materials have been flowing in those directions. Send a letter by this Board encouraging the EPA to do that; letting them know we appreciate that and hope they will follow through; sent a copy of article to Prof. Ballesteros; draft letter to respond to initiative.

Selectman Barnes: good; seems like we might have someone in our corner. Chairman Bridle: thank Regina, Phil Bean, and Attorney Gearreald for working diligently on this; helping Aquarion.

Selectman Woolsey: is the pretreatment equipment at Smutty Nose set up complete yet? Town Manager Welch: no.

Selectman Woolsey: why not? Town Manager Welch: because it takes time to build \$1,000,000 worth of equipment.

Selectman Woolsey: yes, but we have had the brewery functioning for 5 years. Town Manager Welch: they have been functioning at a reduced rate of BOD and CO; cannot function above that rate, which is within our capacity to serve and does not hurt the plant; they are working on the system and have indicated they will implement and put into effect; they cannot get a full certificate until it is effect.

Selectman Waddell: I was in the building when the Town Manager, DPW had a meeting; they were extremely forceful and extremely clear on exactly what could be done; they are on top of it 100%.

Selectman Woolsey: want to clarify; on my prior term did not know that they had not done the pretreatment on that plant. What about the Industrial Surcharge Fee on Smuttynose? Town Manager Welch: without changing the complete sewer regulations we are not ready to do that yet; have stand by charge if they want to increase their BOD, which they cannot do.

Selectman Woolsey: the Wright-Pierce report says Industrial Surcharge fee. Town Manager Welch: Industrial Surcharge fee is not something that we just make up overnight; quite an involved process; Board is going to get a complete set of regulations.

Selectman Woolsey: other towns are doing it; do not want it slipping through the cracks. Town Manager Welch: we are working on it.

Chairman Bridle: we have the vote for the cost of living raise.

Selectman Woolsey: to clarify all new positions have already been compensated.

Chairman Bridle: any recent hire or recent promotion will stay at percentage they have; will also over the summer will be looking at the job wage schedule and coming back with more on that.

Selectman Barnes MOTIONED to give all non-union employees a 2% raise with exception of Town Counsel who will receive 1% SECONDED by Selectman Waddell.

VOTE: 5-0-0

VIII. New Business (1:28:35)

1. Protocol for the Municipal Budget Committee

Selectman Barnes: meeting was held and spoke about the protocol for this year; chairman wanted an idea of what Town Management was expecting; what they could or could not work with; consensus if it was ok by this Board, that as a long nothing gets out of hand that we would grant permission to the Chairman and Vice Chairman to have access to the Town Manager, Deputy Town Manager and Finance Director in some type of orderly fashion; stating what they were requiring.

Chairman Bridle: as long as it is done in an orderly fashion.

Selectman Woolsey: so it is a way for them to ask for information they want for the committee; in an orderly way.

Selectman Barnes: yes, we are circumventing it going from myself to the chair.

Chairman Bridle: that is fine, but if we have a problem we will go back to that.

Selectman Barnes: yes, it was discussed and they agreed.

Chairman Bridle: Selectman Griffin had to leave at 8:30PM.

2. Wastewater System Development Account (1:30:20)

- i. State mandated purchase/installation of Flow Meters at WWTP \$14,376

Town Manager Welch: we are under an order to do flow testing from the Church Street pumping station to the WWTP; came up with system; cost is \$14,376 and request to permit us to take money from the wastewater system development account, so we do not have to raise tax money.

Chairman Bridle: it is a single source bid. Town Manager Welch: yes, approved by the State.

Selectman Woolsey MOTIONED to APPROVE the State mandated purchase/installation of Flow Meters at WWTP \$14,376 SECONDED by Selectman Waddell.

VOTE: 4-0-0

3. Bid 2018-003 Uniform Rental Services

- a. Waivers
 - ii. Purchasing Policy and Purchasing Procedures §718.4 (B),(2)
 - iii. Purchasing Policy and Purchasing Procedures §718.5.1
- b. Authorization for execution of Contract

Town Manager Welch: every three years we bid for uniforms for the DPW; for 2 years; cost in excess of \$32,515 and only two bids received; low bidder.

Selectman Woolsey MOTIONED to APPROVE the Waivers for Bid 2018-003 Uniform Rental Services and the Authorization for the execution of the contract SECONDED by Selectman Barnes.

VOTE: 4-0-0

4. Cheshire Place Bond Reduction to 10% (\$4002.40)

Town Manager Welch: requested by everyone involved; have certificate saying the work has been and reduce bond to 10% or \$4,002.40.

Selectman Barnes MOTIONED to APPROVE the Cheshire Place Bond Reduction to 10% (\$4002.40) SECONDED by Selectman Waddell.

VOTE: 4-0-0

5. Management Agreement with Conservation Commission for the land at 230 Exeter Rd

Town Manager Welch: made up draft agreement which has been run by the Conservation Commission; they would like to make a change dealing with the harvesting of timber on the property; once harvested if there is income from that, would like placed in the Conservation Fund.

Selectman Woolsey: would like a print of the agreement to see configuration.

Selectman Waddell MOTIONED to APPROVE the Management Agreement with Conservation Commission for the land at 230 Exeter Rd SECONDED by Selectman Woolsey.

VOTE: 4-0-0

6. Designation of "Fire Lane & Tow Zone" on Right of Way at 518 Ocean Blvd to 514 Ocean Blvd Vehicle and Traffic §805-41.

Town Manager Welch: had conversation about tow zones; right of way runs past the front into the back; should be a fire lane

Selectman Woolsey: it will be posted.

Town Manager Welch: yes

Selectman Barnes MOTIONED to APPROVE the Designation of "Fire Lane & Tow Zone" on Right of Way at 518 Ocean Blvd to 514 Ocean Blvd Vehicle and Traffic §805-41 SECONDED by Selectman Woolsey.

VOTE: 4-0-0

7. Designation of "No Parking either side & Tow Zone" Huckleberry Lane from Ocean Blvd to Bayberry Lane Vehicle and Traffic §805-20.

Town Manager Welch: called to our attention that there a quite a few cars parking on Huckleberry; asphalt has deteriorated; stop parking; have to replace roadway; discourage people from parking.

Selectman Barnes MOTIONED to APPROVE the Designation of "No Parking either side & Tow Zone" Huckleberry Lane from Ocean Blvd to Bayberry Lane Vehicle and Traffic §805-20 SECONDED by Selectman Woolsey.

VOTE: 4-0-0

8. Changes to Vehicle and Traffic §805-9.L Hampton residential parking lots (5) (e) & (f)

Town Manager Welch: would like to withhold and send back to the drawing board; have additional information; bring back a revision of the revision.

Chairman Bridle: will we see that next week. Town Manager Welch: yes.

Town Manager Welch: we had a request from the Regional Economic Development Center, which is located in Exeter; we are not in their 2019 plan as we had not submitted anything; we were asked to submit; trying to get something done on Winnacunnet Road for the schools; submitted a request of \$2,500,000 to rebuild Winnacunnet Road from Route 1 down to the

corner; includes sidewalks, parking, school access; they have accepted that proposal and will put it in the 2019 plan.

Chairman Bridle: good they are going to do that; school has spent a lot of money upgrading schools; promote walk to school and riding bikes; have to have police officers for crossing; not enough spots to park or drop people off.

Selectman Barnes: go onto the Aquarion website; looking for NH top environmental volunteers; if anyone knows a person, non-profit or a company that has made a real difference in the environment, specifically for water; announce winners June 7, 2018 at a special event at the Victoria Inn, Hampton.

Chairman Bridle: is Aquarion still looking for people? Selectman Barnes: yes, advisory committee.

Chairman Bridle: if anybody out there in the public is interested in being on the advisory committee for Aquarion, please contact hem.

Selectman Woolsey: the shooting in the town forest has started up again; neighbors upset; talked with Jay Diener; encourage conservation to identify all the conservation owned land; get situation under control.

Chairman Bridle: has the police department received any complaints.

Town Manager Welch: no; asked the Chief to go back and look at complaints; he is the only person who made a complaint, so far this year; wind blowing in wrong directions and there was a heavy fire night at the North Hampton range

Chairman Bridle: there is a number of parcels privately owned; have no control over whether people are firing on their property or not.

Town Manager Welch: had meeting with conservation; contact fish and game to find out what they need for proper posting.

IX. Closing Comments

X. Adjournment

At 08:39 PM, the public session adjourned on MOTION made by Selectman Waddell, SECONDED by Selectman Barnes.

VOTE: 4-0-0

Rusty Bridle, Chairman
