VI. Town Manager’s Report

1. The Town is currently seeking quotations from licensed abatement firms for estimates through the Building Department for asbestos abatement in the Old Court House.
2. The Department of Public Works has begun the process of removing all of the beach rakings held in the DPW yard. Once cleared up, stockpiling will no longer be allowed.
3. The State Department of Resources and Economic Development has informed the Town that they will no longer be conducting beach raking in house with their own equipment after the close of this year. The Board needs to consider what processes will be used to clean Town Beaches since the equipment we now use will no longer be available.
4. The Town is re-programming the traffic light sequences at 4 corners, Lafayette, Exeter and High Streets. The change, while technical, will allow the current process

of trapping vehicles turning from Lafayette Road at this intersection to end thereby eliminating confrontation with traffic attempting to exit Exeter Road and High Street.

5. Smuttynose Rockfest Road Race
